QUARTER 3 QUARTERLY REPORT

JANUARY TO MARCH, 2022

Environmental and Social safeguards

Social Safeguards

Issues	How it was handled	Status
Some Cohort 3 students were requesting for more research funds	The Center offered exchange opportunities for student to enable them access facilities in other institutions. Through exchange program, they benefit from bench fee and collaboration with Center partners where they can conduct their research and practical at subsidized rates. Additionally, the Center facilitates bench fee and their stay during exchange period.	Students are utilizing the opportunity by going for exchange in other institutions being facilitated by the Center.
Medical attention to Kaphuka Chisomo ADM No A451/4222/2020- Malawian student	The student with recurrent history of Anxiety Disorder, depression, Insomnia and suicidal thoughts 12 years ago and was treated and subjected to guiding and cancelling at the University. The case was covered in the last quarter but the Center is still following up on the progress.	The Center is in constant communication with the Family and the student is in recovery process. The Center guided and share with the student relevant form for here to fill to officially defer her study and to resume when she is ok.
Students complained of delay in receipt of stipend	The Center followed up with the bank and found that some payment bounced back. The Center updated the concerned students on the status	The Center reinitiated the payment process and students received their stipends
